Resolution to ascertain the cost of extending East street was concurred in.

A communication from the Water Commissioners sending a letter from Mr. H. L. Smith, Superintendent of the Water Works, which was in substance as follows, was read and referred:

Mr. Smith recommends the employment of a hydraulic engineer to investigate the condition of the water supply and to suggest a remedy for a threatened insufficiency of pumpage.

Mr. Smith expresses implicit confidence in the ability of Mr. W. T. Brooke, the City Engineer, but says that a confirmation of his opinions would be desirable.

He states the conditions that, whereas, before the filter plant was installed, 4,000,000 gallons of water was pumped a day, that now 6,000,000 is required. During the winter 7,000,000 will be needed.

MRS TAYLOR BURNED TO DEATH.

CAUGHT FIRE FROM A CUP OF GASOLINE HELD IN HER H. ND.

If you are dangerously sick what is the first duty of your physician? He quiets the nervous system, he deadens the pain, and you sleep well.

Friends ask, "what is the cause?" and the answer comes in pltying tones, nervous prostration. It came upon you so quietly in the beginning, that you were not alarmed, and when sleep deserted you night after night until your eyes fairly burned in the darkness, then you tossed in nervous agony praying for sleep.

CAUGHT FIRE FROM A CUP OF GASOLINE HELD IN HER H. ND.

The Fire Department was called out at \$6'clock last night. The alarm came from Jameson and Ferguson avenues, the house of Mr. Robert Taylor.

The department was not needed, as the house did not burn, but Mrs. Taylor had been badly burned about the body and her clothes were burned off. Chief Ryan made a paste of soda, that is carried by the chemical apparatus, and appiled it to the woman's wounds till the physicians came.

Mr. Taylor's hands were severely burned in his efforts to put out the fire, and the little son of the couple was burned also.

Mrs. Taylor had a cup of gasoline in her hands, while cleaning a bed near a lighted lamp. The gasoline caught fire and the flames soon enveloped Mrs. Taylor so that her clothes were after and her, body was burned before her husband and the neighbors could extinguish them.

It is supposed that she is not fatally burned. Her husband is a driver for W. H. Barnard & Co. and delivers oils. Mrs. Taylor died at 12:05 this morning an almost painless death.

Despite the fact that she seemed not seriously burned immediately after the accident, she succumbed rapidly and died just four hours and twenty minutes after the accident.

Mr. H. C. Smith, funeral director, took charge of the body, which was frightfully burned, immediately after the notification of the death.

Annual Inspection

Col. Jo. Lane Stern, Assistant In-spector General of Virginia State Mil-tary, was in the city last night for the purpose of inspecting the local military overnizations.

organizations.

The Norfolk City Guards turned out

The Norfolk City Guards turned out 59 men and three officers; Jackson Light Infantry, 39 men and three officers; Norfolk Light Artillery Blues, 40 men and three officers.

The companies presented a very creditable appearance and were highly complimented by Col. Stern. A large number of ladies and gentlemen were present to witness the inspection.

The Lee Rifles will be inspected tonight. The Norfolk Naval Reserves will be inspected Saturday night. You ought to know that indigestion, exhaustion, womb displacements, fainting, dizziness, headache, and backache send the nerves wild with affright, and you cannot sleep.

Mrs. Hartley, of 221 W. Congress St., Chicago, Ill., whose portrait we publish, suffered all these agonies, and was entirely curred by Lydia E. OUR FIRST AUTUMN SALE!

During our recent great sale we disposed of nearly all of our Spring and Summer Clothing. There were about two hundred heavy-weight suits which we reserved and did not offer for sale as they were out of season. Now as Fall is here we will offer these suits at one-half their original cost, They are in good condition, stylish, superior in finish and well made. We could put them with our immense Fall Stock that is daily arriving and sell them for their actual value, but we have decided to sacrifice them in order that our stock may be entirely new.

These Suits run in sizes from 24 to 44, and you can get a fit.

The goods consist of Cassimores, 5 ages, Tricots, Black and Fancy Cheviots,
blacks and Plaids. The styles are valued.
